

# ORGANIZATIONAL STRUCTURE

ABOUT US

**ADVENTURE UNLIMITED:** For over 60 years Adventure Unlimited has accomplished its mission of “Opening Windows to God” by providing life changing experiences to Christian Science youth, adults and families. We support this concept through the programs of **two distinct divisions – the A/U Ranches and DiscoveryBound.**

**A/U Ranches:** Youth, adults and families come to the **A/U Ranches** year round to enjoy a camp experience with programs that include activities of mountain biking, rock climbing, white water rafting, horses, hiking, a challenging multi-level ropes course, and so much more. The loving and inspiring atmosphere at the Ranches helps to cultivate a confidence and develop moral courage. Followers of all faiths are welcome to engage in A/U Ranch activities through our Adult and Family programs, special events, and the **100 Elk Outdoor Center.**

**DiscoveryBound:** DiscoveryBound serves Christian Scientists and the greater community through fellowship in a dynamic, loving, healing and inspiring atmosphere, which encourages growth in an understanding of Christian Science and service to the world. **Outreach** – year-round local chapter activities and weekends for Christian Science youth, adults, families and friends of all faiths, promoting fellowship in a dynamic, healing and inspiring atmosphere. **National Leadership Council (NLC)** – a four year servant leadership program for Christian Science high school students which fosters spiritual growth, leadership skills and a desire to serve, all within a supportive family of peers.

**Compass** – a one year program for Christian Science 10th-12th grade students focused on developing life-long friendships with CS peers and better understanding our connection with God.
